

ABOUT NASAKUR

KEY INFORMATION

Nasakur is a **soothing, healing nose gel**. Nasakur has a unique composition with disinfecting and healing components. Nasakur can be used to care for the sensitive skin in and around the nostrils. Nasakur nose gel contains a **combination of disinfecting and healing substances** and can be applied **for all sorts of irritations in and around the nose**. Nasakur nose gel is **free of alcohol**.

COMPOSITION

- **Octenidine HCl**
Disinfectant similar to Chlorhexidine HCl, but less toxic
- **Opuntia Ficus Indica extract**
Muco-adhesive and wound healing - effects similar to hyaluronic acid
- **Propolis extract**
Anti-microbial and wound healing
- **Base**
Aqua, Simmondsia Chinensis Oil (Jojoba Oil), Glycerin, Ammonium Acryloyldimethyltaurate / VP copolymer, Opuntia Ficus Indica Extract, Propolis extract, Panthenol, Propylene glycol, Octenidine HCl, Phenoxyethanol, Disodium EDTA, Tocopherol, Ethylhexylglycerin, Citric acid.

INDICATIONS

Nasakur can be used for all sorts of irritations in and around the nose. Nasakur nose gel has been developed for adults and children from the age of 3 years.

REGULATORY STATUS

- Cosmetic product (EU CPNP notified)
- Manufactured in a GMP plant in Belgium

USPs

- Combination of anti-inflammatory, wound healing and anti-microbial components
- Superior muco-adhesive and wound healing properties due to Opuntia Ficus Indica extract
- Superior anti-microbial properties due to Octenidine HCl and Propolis extract
